Teaching and Educational Experience

Substitute Teacher

Hemet Unified School District and San Jacinto Unified School District — California
2025–Present

Provide classroom instruction and supervision across multiple grade levels. Maintain instructional continuity and adapt to diverse classroom environments.

Special Needs Tutor

Tutor Me Education — California
2025–Present

Provide individualized academic tutoring for students with diverse learning needs, adapting instruction to support comprehension and engagement.

Math Teacher

Excelsior Charter School — Victorville, California
2024–2025

Delivered standards-aligned mathematics instruction emphasizing conceptual understanding, procedural fluency, and structured problem-solving strategies.

Classroom Instructional Aide

Tahquitz High School — Hemet, California
2025

Supported classroom instruction through small-group and one-on-one academic assistance.

STEMx Expert Tutor

EnCorps Inc. — Los Angeles, California
2023–2024

Provided online small-group mathematics tutoring to underserved middle school students, focusing on reasoning strategies and confidence-building.

Instructional Laboratory Technician I

Mt. San Jacinto College — San Jacinto, California
2022–2024

Provided instructional and technical support for undergraduate laboratory courses, including equipment preparation, calibration, and student assistance.

MATHCOUNTS Competition Series — Written Round Proctor

MATHCOUNTS Foundation — East San Gabriel Valley Chapter
2023

Supervised students during regional mathematics competitions and ensured standardized testing conditions.

Software, Technical, and Entrepreneurial Experience

Founder and Web Developer

Jamison Web Design — California
2006–Present

Founded and operated an independent web design and development business providing website creation, maintenance, accessibility remediation, and technical support for individuals and small organizations. Responsibilities include site architecture, front-end development, hosting coordination, troubleshooting, and long-term site maintenance.

Broadridge Advisor Solutions — San Diego, California

Associate Software Developer
2019–2022

Reviewed, modified, and maintained internal and client-facing web applications using ColdFusion, C#, and Microsoft SQL Server. Participated in Scrum-based development workflows and led accessibility remediation efforts across more than fifty templates to achieve WCAG 2.0 AA compliance.

Technical Support Associate
2016–2018

Provided technical support for financial advisors, troubleshooting website functionality, resolving system issues, and assisting with platform configuration. Served as a liaison between support and development teams.

Administrative and Management Experience

Property Manager

Gilbert Apartments — Hemet, California
2002–2012

Oversaw residential property operations including tenant relations, maintenance coordination, regulatory compliance, and financial reporting.

Office Manager
